

Existing Vermont Gun Laws

- No gun licensing requirements
- No gun registration requirements
- No waiting period to purchase a gun
- No requirement for firearm safety training before purchasing a gun
- Vermont allows for the private sale of guns where there will be no background check run, no records kept, no questions asked.
- Vermont and Alaska are the only two states that do not require a permit or license to carry a concealed weapon
- Vermont is the only state with no state laws governing prohibited purchasers of firearms
- No CAP (Child Access Prevention) law
